

THE 20TH PLANOVATM WORKSHOP

PRAGUE, CZECH REPUBLIC

Dear Valued Customer,

It is a great pleasure to send to you updated information on:

Brussels, 27 June 2017

The 20th Planova Workshop
9-10 November 2017

InterContinental Prague, Czech Republic

Parizska 30, Prague 110 00,
Czech Republic

AsahiKASEI
BIOPROCESS

This year marks the 20th anniversary of the Planova Workshop and the special theme will be the history of the Virus Removal Filter. The Planova Workshop will be filled with a wide variety of many topics such as Planova's latest innovations in both concept and design. On top of presentations given by actual users, the Global Planova Team will display posters and provide brochures that will be of interest for both the seasoned and new user.

SESSION CHAIRS

Johannes Blümel, Ph.D.

Head of Virus Safety Section, Virology
Paul-Ehrlich-Institut

Nathan J. Roth, Ph.D.

Senior Director & Head of Global Pathogen Safety
CSL Behring

Uwe Gottschalk, Ph.D.

Chief Technology Officer
Lonza

PRESENTATION TITLES

*Titles are tentative and subject to change

High Capacity Filtration: Biotest Next Level, a New Plant to Manufacture a Human Immunoglobulin G Preparation with Removal of Virus by a Planova BioEX Filtration

Marcel Asper, Ph.D.

Director, Virus Laboratory Pathogen Safety
Biotest

Dipl.Ing. Michael Rodemer

Director, Project Manager BNL Team
Biotest

Upstream Virus Barriers: Why and How

Andreas Wieser, DI

Senior Lab Associate, Global Pathogen Safety
Shire

Understanding Virus Filtration Mechanisms and Designing Robust Virus Filtration Processes

Tomoko Hongo-Hirasaki, Ph.D.

Senior Scientist, Gr Manager of Evaluation and Analysis
Asahi Kasei Medical

Update on European Viral Safety Regulations

Johannes Blümel, Ph.D.

Head of Virus Safety Section, Virology
Paul-Ehrlich-Institut

A Review of Virus Filter Performance — Critical Process Parameters and Best Practice

Horst Ruppach, Ph.D.

Global Director, Viral Clearance and Virology
Charles River

Impact of Operating Conditions on Viral Retention During Viral Filtration

Sean O'Donnell, Ph.D.

Principal Research Scientist, Bioprocess Virology
Eli Lilly and Company

Differential Retention of Parvoviruses During Virus Filtration

Thomas Nowak, Ph.D.

Mgr Sr Virus Validation I, Virus Safety Development
CSL Behring

Evaluation of Pre-Filtration on BioEX Process Performance for Monoclonal Antibodies

Ashlee Smith

Assistant Scientist, API-Large Molecule
Janssen Research and Development

Planova History in Technological Innovation Recognized in Virus Removal Filter

Seiichi Manabe, Ph.D.

(Inventor of Virus Removal Filter)
Manabe Gijutsushi Jimusho

Aspects Impacting Virus Filter Selection for Cell Culture-Based Biomanufacturing Processes

Sven Schubert, Ph.D.

Senior Process Manager, DSP Design/ Validation
Rentschler Biotechnologie

Introduction of a Nanofiltration Step in FVIII Purification Process

Filippo Mori, MSc.

Senior Scientist - Research Dept.
Kedrion

Title is to be determined

Judith Percy, MPhil, BSc.

Principal Scientist, Manufacturing Science and Technologies Group
Pfizer

Validation of Planova™ 20N as an Alternative Virus Reduction Filter for a Commercially Approved Product

Denis Twomey, Ph.D.

Principal Scientist, Pharmaceutical Development & Manufacturing Sciences
Janssen Sciences Ireland UC

REGISTRATION AND HOTEL ACCOMODATIONS

Register to attend the Workshop by clicking on the link below.

[Click Here](#)

Registration fee: EURO 200 (excl. VAT)

Registration fee includes workshop attendance, lunch, coffee break, and dinner

Participants can stay at the prestigious InterContinental Prague Hotel. Receive a special rate during the Workshop and also for the night before and/or after the Workshop.

For further information, please contact Asahi Kasei Bioprocess Europe:
