

THE 20TH PLANOVATM WORKSHOP

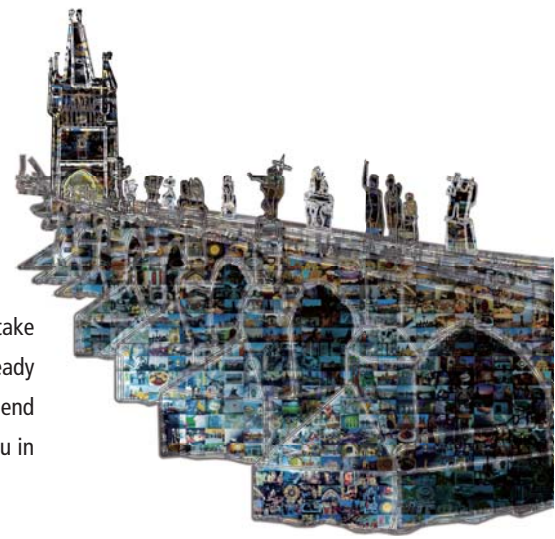

IN PRAGUE, CZECH REPUBLIC

Welcome Back! We hope that you had a wonderful holiday!

We are pleased to release the 4th announcement for the 20th anniversary PlanovaTM Workshop which will take place in Prague, Czech Republic on the 9th and 10th of November 2017. A lot of participants have already registered and the event will be filled with a wide variety of highly interesting presentations. We recommend that you apply as soon as possible in order to ensure your seat in Prague. We look forward to seeing you in the charming, colorful and beautiful city of Prague.

Intercontinental Prague, Czech Republic

Parizska 30, Prague 110 00, Czech Republic

Brussels, 19 September 2017

SESSION CHAIRS

Johannes Blümel, Ph.D.

Head of Virus Safety Section, Virology, Paul-Ehrlich-Institut

Nathan J. Roth, Ph.D.

Senior Director & Head of Global Pathogen Safety, CSL Behring

Uwe Gottschalk, Ph.D.

Chief Technology Officer, Lonza

PRESENTATION TITLE

PlanovaTM History in Technological Innovation Recognized in Virus Removal Filter

Seiichi Manabe, Ph.D.

(Inventor of Virus Removal Filter)

Manabe Gijutsu Jimusho

High Capacity Filtration: Biotest Next Level, a New Plant to Manufacture a Human Immunoglobulin G Preparation with Removal of Virus by a PlanovaTM BioEX Filtration

Marcel Asper, Ph.D.

Director, Virus Laboratory Pathogen Safety, Biotest

Michael Rodemer, Dipl.-Ing.

Director, Project Manager BNL Team, Biotest

Update on European Viral Safety Regulations

Johannes Blümel, Ph.D.

Head of Virus Safety Section, Virology, Paul-Ehrlich-Institut

Virus Filtration Process for Monoclonal Antibody from Development to Manufacturing Production

Javier Castrillo, Ph.D.

Downstream Technician, Process Development Biotech Division, mAbxience

Jose Rafael Fuentes, Ph.D.

Downstream Scientist, Process Development Biotech Division, mAbxience

Understanding PlanovaTM Virus Filtration and Designing Robust Virus Filtration Processes

Tomoko Hongo-Hirasaki, Ph.D.

Senior Scientist, General Manager of Evaluation and Analysis, Asahi Kasei Medical

Introduction of a Nanofiltration Step in FVIII Purification Process

Filippo Mori, MSc.

Senior Scientist - Research Dept., Kedrion

Differential Retention of Parvoviruses during Virus Filtration

Thomas Nowak, Ph.D.

Mgr Sr Virus Validation I, Virus Safety Development, CSL Behring

Impact of Operation Conditions on Viral Retention during Viral Filtration

Sean O'Donnell, Ph.D.

Principal Research Scientist, Bioprocess Virology, Eli Lilly and Company

A Review of Virus Filter Performance — Critical Process Parameters and Best Practice

Horst Ruppach, Ph.D.

Global Director, Viral Clearance and Virology, Charles River

Aspects Impacting Virus Filter Selection for Cell Culture-based Bio manufacturing Processes

Sven Schubert, Ph.D.

Senior Process Manager, DSP Design/ Validation, Rentschler Biotechnologie

Evaluation of Pre-Filtration on BioEX Process Performance for Monoclonal Antibodies

Ashlee Smith, BSc

Assistant Scientist – API-LM, Janssen Research and Development

Challenge of Virus Filtration in Continuous Manufacturing

Daniel Strauss, Ph.D.

Principal Scientist, Asahi Kasei Bioprocess America

Impact of Clarification Impurities on Viral Filtration of a Therapeutic Monoclonal Antibody

Hendri Tjandra, Ph.D.

Drug Discovery - Biologics Development, Bayer

Validation of Planova™ 20N as an Alternative Virus Reduction Filter for a Commercially Approved Product

Denis Twomey, Ph.D.

Principal Scientist, Pharmaceutical Development & Manufacturing Sciences, Janssen Sciences Ireland UC

Upstream Virus Barriers: Why, and How

Andreas Wieser, Dipl.-Ing.

Senior Lab Associate, Global Pathogen Safety, Shire

We sincerely hope that you plan on attending the 20th Planova™ Workshop.

Click on the link below to jump to the on-line registration page to enroll yourself and your colleagues.
